

**Aim: To provide Elite International Baccalaureate (IB) Education coupled with Vedanta Educational Pedagogy of 'Teaching and Learning'.**

Rationale ~Underlying Principle:

- We understand that education for our children can no longer be, as it were with us ~ in our school days.

- We have also realised that the enormous brain potential of our young children, from mother's womb onwards, are getting lost, because of not being able to keep their young brain active and occupied We wish to bring the awareness to the hearts of parents, children and educators that it is easy and joyful to create **“Great Kids”**.
- One of our strongest vision; *“To provide world class education to our children ~ the potential Giants ~ at the best workable tuition fees.”* ~ continues to inspire us as a school to strive to provide World class education.
- Our motto *“Every Child has a greater potentials of intelligence, than Leonardo de Vinci, Isaac Newton or Einstein ever used.*
- *“Every Child Matters”* is a pledge towards the betterment of all our children, to their parents and to families.
- VKE was founded, in the hunt of an education system that can couple, our ancient rich heritage of Vedanta as well as provide a world class education that is also engaging and fascinating.

### **A Bit of Background History:**

#### **The Basis for determination of fees:**

**To provide opportunities of the IB education coupled with the philosophy of Vedanta, to keen parents and more and more children.**

## **Some issues:**

- The Inflation Rate of The Country' is expected and forecasted to be between 4% & 6 %. Whereas 'The Internal Inflation Rate of the School' is expected to be between 10% & 12%.
- PTA on 10<sup>th</sup> October 2011 had approved 10.5% rise in fees per annum till 2029. We had received the bank approval for the construction of this school building based on the projections of the fee structure based on this annual rise.
- In order to give this facility to more and more children we had taken a bold step to restructure the tuition fee. Last year we increased the fees only by 7.8% for the Academic Year 2018 -19 as against approved and agreed increment of 10.5%.
- For the year 2019-20, the **school management has taken another bold step to restructure the tuition fee to make it more accessible to more students of this world.**
- We have also realised that the enormous brain potential of our young children, from mother's womb onwards, are getting lost, because of not being able to keep their young brain active and occupied. To build the awareness of 'Early Child Brain Development' in the mind and consciousness of our so well meaning parents we have restructured the fees of early years.

## **FOUNDATION YEARS PROGRAMME (FYP)**

### **A Reduction of Tuition Fees 33% to 25%**

This programme is designed in a way that allows infants and toddlers to grow spiritually, emotionally, mentally and physically. The Foundation Years retain a vibrant, loving atmosphere, which is led by positive energy. The school management has taken a decision to substantially subsidy the tuition fee of FYP to benefit and empower the children of this world.
