Please accept our prayers and warm greetings from Victorious Kidss Educares ~ an IB World School. We appreciate your enquiry and interest towards this differentiated teaching and learning pedagogy of International Baccalaureate (IB), coupled with the rich heritage of Vedanta. We are a school with a difference.

A Few Words About:

**Who We Are:** Victorious Kidss Educares is an IB World School? We couple the latest of this World Class Western Education of International Baccalaureate (IB). Out of existing 5400 IB Schools, currently placed all over the world, a few are prestigiously evaluated as an **IB World school**. Our school is an **authorized IB World School**.

Our admission processes start early, starting with expectant mothers and then after birth from six (6) weeks old babies. The teaching and learning begin at VKIDSS, from the mother's womb itself. And, after birth, admission begins early, from 6 weeks old babies and covers till they reach the age of 19 years young adults. These are our IB World College 'World Diploma Program Graduate' students. Who are then guided, advised, connected, and are placed to universities worldwide. May also, by parental personal preferences ~ be guided to colleges within India. This action of placement), by the 'School Career Counselling Coordinator and the Principal is post final examinations of the International Baccalaureate Diploma Program (IBDP II ~12<sup>th</sup> Grade). The entire process of counselling, however, starts early in our school, towards development of their frames of mind.

These students are doing very well indeed and achieving world standards. ***With this balancing power and the best of East and West, our school, amongst a very few in the globe, has, since 2012, been rated by IB, as a model IB World School in Asia Pacific.***

**IB Standardization** We are happy to share that **on 15 Nov 2019**, just four (4) months before the lock down began (started w.e.f. Friday the 13 Mar 2020). We have, through an IB Evaluation process, received an '**accreditation from IB for our excellent standards and practices**'. *IB has, in addition, requested us to spread these good standards and practices of our school, through worldwide digital network as well as, have requested us, to apply to speak in the IB Yearly Global Conference and let other IB schools know, 'what are those differences in standards and practices, we have brought in and because of which our children are assessed, by the same world body, to be far ahead.*

*We are aware that this grace is because of the **understanding and implementation of the philosophy of Vedanta** coupled with the pedagogy*

***of teaching and learning of IB. the Divine Grace, and work of our 'Principal Management Core Team and performing Teachers'!***

More than our 25 years of creating master minds and discovering the secret power from within children, tells us that when children, motivated and guided scientifically, with the philosophy of East and West ((Vedanta with the latest of IB New Chapter), would become capable of displaying a new and unusual sets of brilliance and attributes, uncharted and undocumented before. 'Every. Child Matters, Every Child can'!

**We believe:**

**'Discovering that secret power from within the child ~ is parenting, is schooling'.**

Students, in this school, irrespective of their origin of country or background, are aligned and made aware of their human excellence from within. Our school stands distinguished with the strength of many such children, who, with absolute freedom and fun, reach great heights.

***"Education is the manifestation of the perfection already in every child"*** ~ is the guiding philosophy of Swami Vivekananda. You must be aware of 'Swamiji' ~ as a renowned International Youth Leader. We imbibe the principles and philosophy of education of IB, as it is best practiced world over.

Our school has started with effect from 17<sup>th</sup> Jun 22. You would, once you interact, become familiar and know more about the professional development program of our teachers and parents. Making your children catch up with the curriculum, would certainly be a process for the school facilitators accompanied parental encouragement and motivation

**Our children are no longer the people, as we were in our school days. If we try to teach them the way we had learnt yesterday, we would rob them of their tomorrow?**

**Admission Process:**

With respect to your query regarding the admission process, to initiate the admission process for your child we would need to have these mandatory documents.

- ▶ Scanned copy of the birth certificate for the child.
  - ▶ Scanned copy of the Passport/Aadhar Card for the child.
  - ▶ Scanned copies of the Passport/Aadhar Card of the parents.
  - ▶ Student medical report/certificate – Completed by an authorized doctor/medical practitioner (of any country), upon clinical examination of the applicant.
  - ▶ Report cards for the most recently completed Academic Year and assessments.
- ▶ School Leaving Certificate from the earlier School.

There would be an informal virtual /face-to face assessment with your child to understand their current academic status and from where our teachers must start. This is not the criteria to judge whether the child is eligible for a given grade or not. This is for our Academic Team to understand and guide better once the children join the school.

**Online confirmation of seats:** Upon receiving the essential documents followed by virtual interaction/face to face interaction, should you wish, we shall share our Academic Team's feedback about further action.

**Fight the Good Fight:** It is said that safety is not an intermittent action but is a state of mind. Here, at VKE, safety is of the highest priority. In a testing time like this we have not left any stone unturned to ensure a balanced physical and mental health of the VKE family. Please Watch - <https://youtu.be/nNtgLjX8QWs>
